

## Company Profile

**THE BEST  
TECHNOLOGY**  
FOR YOUR BUSINESS

Ultra is engaged in the business of manufacturing PLC, HMI, Automation Equipment, Process control, Laboratory instruments & any other application

## **BE IN CONTROL** OF PRODUCTIVITY AND EFFICIENCY...

Ultra was the first to offer Touch Screen with Multi Language option in the **Plastic Moulding & Automation Industry...**

### **Modern Infrastructure**

- **Exemplary Quality and Reliable Services**
- **Global Production Standards**

# Hi.

I am so grateful that you have taken the time to consider partnering with **Ultra** to serve you. While we are proud of our work and the results we will help you achieve ... it is the relationships we build that will endure. I look forward to working closely with you and your team.

---

Utpal Shah | Managing Director  
**Ultra**

The journey began in

2001

## Our Company

Ultra Instruments was established in the year 2001 under the able leadership of **Mr. Utpal shah**. Since its inception it has grown steadily over period of years. Ultra Instruments manufactures high quality instruments for machine automation, process control, laboratory & any other application.

We believe in high quality & prompt service for our customers. Our products are designed to meet the harsh industrial environment which are usually found in Asian countries. We have built in diagnostics features for easy trouble shooting at site. Our products are well accepted by OEMs because of its reliability & services. Our team work round the clock to meet the service demands of the industry.

• **Flour Mills** • **Rubber Moulding Machine** • **Packaging Machine** • **Pharmaceutical Machine etc....**

More than

**11000**  
PLC installed

# Product Range

Select the right products & services to meet your needs. Our extensive product portfolio and services and support capabilities are designed to improve your processes through every stage of your manufacturing cycle - from design and installation through operation and maintenance.

- PLC
- HMI
- Variable Frequency Drive
- Servo
- Weight Based System

Widest machine  
structuring capacity

**1500**

PLC per annum

Only Indian company to manufacture Multi Point Parison Control systems, with more **than 600 functioning installations.**

# Manufacturing setup **1500 sqft**

Our goal is to enhance PLC production capacity to a massive **3000 units per annum by 2021.**

# Manufacturing Facilities

- All Testing Equipments
- Soldering Station
- Rework Station
- Oscilloscope
- Debugging tools

# Low Cost with latest micro controller based PLC

Our Plc is built with latest high speed micro controller. It offers wide flexibility in programming complicated machine sequences. Our modular system of Plc gives us flexibility to add 'IO' as per machine requirements.

# Around-the-clock Support

With round the clock coverage a team of Engineers is always there to support the customer

**Ultra has covered around**

**70%**

Market share  
in Extruder  
Blow Moulding

**40%**

Market share  
in Pet Blow  
Moulding

**5%**

Market share  
in Injection  
Moulding

# Our Employees Are Our Strength

Our employees are our most valuable asset. We strive to create a work environment of professionalism, trust and respect that will continuously provide our staff with motivation, challenge, and professional growth.

# R&D Centre

Process

  
**AUTOMATION**

Productivity

Innovation

Repeatability

System

A company's activities focused on creation and improvement of products and processes, based on research, to satisfy the needs of the market.

# Dedicated Service Centre

A woman in a light blue shirt is shown in profile, focused on a task. She is wearing several rings on her fingers. In front of her is a piece of industrial equipment, likely a PLC, with a yellow and blue control panel. The panel has various buttons and a small display. To the right of the panel, there is a green screwdriver and a red multimeter. In the background, there is a black metal cabinet with a perforated front, and various wires and components are visible on top of it. The overall scene is a technical service center.

We have dedicated service centre providing ALL PLC Repairing Service for various industries. ... Empowered with a crew of dedicated and proficient engineers.

# Product Lines

A range of product lines to match your exact requirements...

# Our Esteemed Clients

## **We hold our customers with esteem**

Regardless the size of your business or challenge, we provide equal weightage to each and every customer. We treat our customers with care and respect.
